

OFFICE OF THE DIRECTOR OF PUBLIC PROSECUTIONS

**OUR MISSION**

*“To provide an impartial, effective and efficient prosecution service to all”*

**ADDENDUM 1**

**TO ALL BIDDERS**

**RE: TENDER NUMBER ODPP/OT/006/2020-2021 -REQUEST FOR PROPOSAL (RFP) FOR PROPOSED DESIGN AND CONSTRUCTION OF TRAINING COURT, LORESHO NAIROBI**

---

---

The Office of Director Public Prosecutions wishes to make amendments regarding the subject tender which was advertised in the Daily Nation Paper (My Gov) on 19<sup>th</sup> January, 2021 as follows;-

1. **Closing/Opening date** to change to **10<sup>th</sup> February, 2021** and not as earlier indicated 2<sup>nd</sup> February, 2021 on the tender notice and tender document

2. **Project Duration**

The duration should be set by the contractor. Marks shall be awarded according to the duration as contained in bidder's proposal. The bidder's program will depend on the duration quoted and the shortest and feasible duration is the most preferred.

3. **Approved Designs**

Initial approval will be based on scheme designs by a registered professional (architectural/structural/electrical and mechanical).

The signature of a registered professional with a current practicing licence shall signify approval.

4. **EIA/NEMA Approval**

The successful bidder will be responsible for obtaining NEMA approval.

The initial approval required by the procuring entity is only to obtain an EIA advance report.

**5. Experience for Modular Structures**

In a situation where the bidder proposes a modular structure, his or her architect should show the experience or methodology for the same.

**6. Project details Page 51**

ODPP proposes to construct a courthouse/auditorium building comprising a double storeyed conventional design or a prefabricated double storeyed building measuring approximately 30 m long x 16 m wide at ground level and minimum storey height including mezzanine office spaces of 7.2m height, as appended to this tender document. This should also include all earthworks, sub-structure works &, disposal of rain and storm water drainage (the appended drawings is for guidance ONLY to meet the user requirements).

**7. Design output at bidding stage**

All the designs should cover the proposed works up to scheme level details. Geotechnical reports and topographical survey shall only be mandatory for the successful bidder. Failing to submit the two at the bid shall not be criteria for disqualification.

**8. Financial capability**

The required financial capability shall be for three (3) years.

This addendum shall be construed to form part of the tender document.

All other conditions remain.

**RASHID KHATOR**  
**DEPUTY DIRECTOR CENTRAL FACILITATION SERVICES**  
**FOR: DIRECTOR OF PUBLIC PROSECUTIONS**
